PROFESSIONAL EXPERIENCE

Stele

San Francisco, CA

Project Management Intern

May 2026-Present

- Architect and deploy custom operational system with Claude Code, manage 10+ projects across a 12-person early-stage startup.
- Recruit and onboard 3 new team members; communicate directly with CEO, CTO, and COO to deliver status updates, flag risks, and align on priorities.
- Execute daily audits using Python scripts to identify inefficiencies and automate manual tasks, reducing a 3-hour process to 20 minutes.

TAMID Consulting Group

La Jolla, CA

Consultant, Member

January 2026-Present

- Partner with early-stage tech companies to deliver market research, competitive analysis, and strategic recommendations shaping product and growth decisions.
- Deliver 2 data-driven recommendations to Leverage, driving measurable marketing growth at a student-led industry event.
- Own full-cycle workflow management across a 7-person team; set milestones, run weekly syncs, ensure 100% on-time delivery.

CNote

San Francisco, CA

Business Operations & AI Research Intern

August 2025-September 2025

- Evaluated 3 AI tools for financial services to identify automation opportunities, resulting in strategic product recommendations.
- Synthesized data from 500+ DI statements into 20+ executive reports enabling data-driven decision-making for senior stakeholders.
- Supported business operations through process documentation and workflow optimization, improving execution efficiency.

LEADERSHIP EXPERIENCE

Para Las Madres, UCSD

La Jolla, CA

Chief Financial Officer

March 2025-Present

- Manage a \$10K operating budget for a student-founded nonprofit supporting unhoused single mothers, in partnership with San Diego's Mutual Aid for Moms collective.
- Track expenses across 16+ volunteers for 5 events; reallocate \$10K budget cross-organizationally to maximize community impact for unhoused mothers.

The UCSD Guardian

La Jolla, CA

Editorial Project Lead

January 2026-Present

- Research and author articles on sports, translating campus stories into engaging content for 45,000+ students.
- Manage end-to-end editorial lifecycles, ensuring 100% adherence to rigorous weekly publishing deadlines.
- Collaborate with section editors and photographers to align visual and written assets for cohesive storytelling.
